

Solution In A Box

RUN YOUR BUSINESS WITH THE CLICK OF A MOUSE!

Run an online company without the need of a **personal webmaster!**

iBoomerang[®] Solution In A Box (SIB) *Tools That Return a Profit*

From e-mail hosting to Web management, running your company online has never been easier, thanks to **Solution in a Box**.

This package includes a corporate website complete with a company back office, where your users have a place to update their personal AV, access company resources and view top employees of the day, week or year. Each of your users will also receive their own corporate-branded e-mail account and website, which includes a quote tracking system, customizable pages, and product and license info pages that will help push sales through the roof.

Providing everything you need to take your company completely online, Solution in a Box is a full suite of integrated iBoomerang Web marketing and administrative essentials that will launch your company into the 21st century and catapult your business to the top of the sales charts.
